

BISMITHA F

Software Developer

bismifaizal88@gmail.com | +91 9567444122 | github.com/bismithaaa | linkedin.com/in/bismithaf

CAREER OBJECTIVE

Software developer experienced in building web and AI-driven applications, including full-stack systems and a RAG-based chatbot for document querying. Proficient in Python, PHP, and MySQL, with a focus on practical, efficient solution development.

ACADEMIC PROFILE

Bachelor of Computer Applications

Kerala University | 2023-PRESENT

Average CGPA of 8.6(including all previous semesters)

Higher Secondary Education

Kerala State Board | 2021-2023

Percentage : 91%

PROJECTS

MAID BLINK – Maid Hiring Platform

- Developed and structured a web application to enable efficient service matching and smooth user interaction using HTML, CSS, JavaScript, and PHP
- Created structured maid profiles with availability for efficient matching
- Integrated MySQL database to efficiently manage user profiles and service requests, enabling faster data retrieval and structured matching

FitBite – Fitness Meal Planning Web Application

- Architected a full-stack web application using Python Django, HTML, CSS, and JavaScript
- Implemented subscription plans, order tracking, and scheduling functionality
- Integrated MySQL/SQLite database for managing users, meals, and orders

PDF AI Chatbot

- Deployed a Python-based chatbot to answer queries from PDF documents
- Implemented text extraction and retrieval using a RAG-based approach
- Integrated LangChain/OpenAI APIs for generating context-aware responses

SKILLS

- Programming Languages: C, C++, Python, PHP
- Web Technologies: HTML, CSS
- Database: MySQL
- Tools: VS Code, Git
